

Some Great Ideas to Go with FireLine DSL:

Wireless Routers

Helps you leave the cords behind and take your FireLine High Speed Connection anywhere inside your home.

eStatement

A FREE and secure means to view and pay your Star statements online quickly and easily.

Istar Backup

An offsite backup service that saves your digital life (pictures, music, important files and more) in a secure and safe manner. Think of it as your online 'security blanket'.

HIGH SPEED INTERNET

GOOD STUFF to Know...

■ It's All About the Connection...

With FireLine DSL, you can upload large data files, view cool website graphics, and manage finances online at lightning fast speeds. Your family or business can search the Web and talk or fax on the same line at the same time.

■ Brings the Net to Life!

Star's DSL broadband connection allows you and your family to experience the net like it should be with moving graphics, bright colors, cool movies, live music, and interaction like nothing before. Surf, chat, email, blog, homework help, and streaming stock quotes are only the beginning.

■ Play Games and Movies!

If you're into gaming, FireLine DSL will take you to the next level. The super high speeds will allow you to connect your gaming equipment to the Internet so you can take on other hard-core gamers from across the country and battle like you're in the same room! Plus, our faster packages work great with online video services like Netflix. From XBOX to Netflix, let FireLine take you there!

■ No Waiting!

No waiting to hear if you are in-range (**all of Star Telephone's members are able to receive FireLine DSL**). No waiting in the slow lane on the information super highway. DSL is smoking fast with connection speeds up to 178 times that of dialup. Don't wait - call now!

A Closer Look at the FireLine DSL Packages

MORE than just speed!

FireLine DSL lets you do more - now with FASTER SPEEDS!

Stay online without tying up the phone, attend a meeting or setup a virtual office. With a router, you can link multiple computers to a single DSL connection. This eliminates the need for multiple dial-up accounts. Add to all this, Star's award-winning customer service and 24/7 FREE tech support. FireLine DSL is the one tool no family or business should be without.
